About Transient

Transient is a hard rock/metal band from New Orleans, Louisiana. Band members include Jody Linnell (guitar - ex-Smile Empty Soul & 12 Stones member); Trey J. Mollo (lead vocals); Phil Krohn (drums); Emmett Shumate (guitar); and Steven Godbey (bass).

In 2022, Transient joined Ms. Pepper Gomez's WakeUp! Music and WakeUp! Music Rocks record label. The band is managed by MVK Music Group, and has recently teamed up with Full Circle Entertainment for booking.

Over the last year, Transient dropped an EP called "Lotus". The three songs – "Seed", "Sow", and "Thrive" – and accompanying videos tell a relatable story and also highlight a new direction in Transient's sound that longtime supporters love and new followers are drawn to.

It's not only the music itself that Transient fans love. The live performances are spectacular. The band performed at the 2022 WCPR 97.9 CPR Fest in Biloxi, Mississippi, which included Nonpoint, Badflower, Seether, and 3 Doors Down. This past March, Transient was part of the lineup for The Sound 228 Rockin' The Sound festival in Biloxi, along with bands such as Nonpoint, Adelitas Way, and Gemini Syndrome. The current goal for Transient is to perform all over the country. There is also always new music on the horizon for this talented and determined band.
